

CAMPUS QUICK COUNT

All-In-One RFID System

Universities face the challenge of tracking and managing campus inventory such as IT assets and furniture. These items are often moved from their location without authorization and are not returned to their original location. Locating and cataloging these assets can be time-consuming, especially during peak periods.

TransTech offers the Quick Count Kit to accurately track important school inventory and notify staff when an item is missing. The Nox Vault reader instantly and easily checks computer labs, dorm rooms, and other common areas and provides an exception report that shows missing or extra inventory.

Quick Count Kit Includes

- 1 Nox-Core Software License
- 1 Nox Vault Handheld Reader
- 100 Nox-3 Paper UHF Tags
- 1 Year Technical Support

Learn [here](#) how USC used NOX as their campus inventory solution!

MSRP \$6699.00

Benefits of Quick Count Kit
