

## Printer Options & Accessories

# Pebble Travel Case A5309

### Target applications

- Education
- Multi-site firms
- Printer demonstration

### Available on:

- Pebble4

### Delivery:

- Travel case equipped with a Pebble printer and its accessories
- Empty case

This Travel Case from Evolis is the must-have accessory for full-fledged protection of your Evolis Pebble printer when on the move. It has a sturdy shell, covered with a special-purpose foam material and boasts of multiple storage compartments.

With this travel case, your printer and accessories are out of harm's way, provided you meet all the handling advices of this product.

The Evolis Travel Case will act as a protective frame for your printer wherever you take it, in the trunk of a car or in a train. It does comply with air cabin use but it is not suitable for loading in the cargo hold of an aircraft.

The Pebble Travel Case is available in two versions:

- A promotional version that combines the case, a printer and accessories
- A stand-alone case.

The promotional offer serves as a powerful selling vehicle to showcase the Evolis Pebble in action:

- Personalization of small to medium runs of cards, thanks to the automated 100-card feeder.
- Over-the-counter operation in a manual card-by-card feed.
- Connection via USB or Ethernet (Mag models only).
- Encoding and printing of complex cards, with magnetic stripes or chip (contact-type or RFID-enabled).
- Color or monochrome printing.

This special offer, therefore, comes with a wealth of features:

- A Pebble printer with a manual card-by-card feeder
- A 100-card feeder cartridge
- A set of 100 blank cards
- A R3011 YMCKO color ribbon
- A R2011 BLACK monochrome ribbon
- A cleaning set
- A USB cable
- A CD-Rom with drivers and documentation
- A CD-Rom with the eMedia software, standard edition and fully operational, and with link to Excel-like databases
- A travel case, and
- A robust protective packaging, designed for international shipping.
